About Us.

Introduction

Dancagram (Pty) Ltd is a proudly South African, Level 1 B-BBEE industrial supply company established in 2021. We specialize in providing comprehensive Personal Protective Equipment (PPE), industrial tools, valves, piping solutions, and consumables to South Africa's mining, manufacturing, construction, and utilities sectors.

Operating from our base in Johannesburg South, Gauteng, we have built a reputation for delivering quality products, competitive pricing, and exceptional customer service. Our commitment to excellence has enabled us to establish strong partnerships with leading organizations across various industries.

As a Level 1 B-BBEE contributor, Dancagram is uniquely positioned to help our clients meet their procurement and transformation targets while providing world-class industrial supply solutions.

Mission & Vision.

MISSION

- To deliver superior industrial supply solutions that keep South African businesses operating safely, efficiently, and competitively, while contributing to economic transformation through our Level 1 B-BBEE status.

VISION

- To become Southern Africa's most trusted and responsive industrial supply partner, recognized for quality, reliability, and transformation excellence.

The Organization.

BONGANE MOKONE

MANAGING DIRECTOR

He has extensive experience in business management, sales, and industrial supply, with a strong focus on valves, PPE, workwear, and engineering solutions. Bongane oversees the strategic direction of the company, client relationships, and overall operations, ensuring reliable service delivery and sustainable business growth.

DUMISANE MAHANYANE

BUSINESS DEVELOPMENT MANAGER

He is responsible for driving growth through client acquisition, tender development, and strategic partnerships. With a results-driven approach, Dumisane focuses on expanding the company's footprint across key industries while maintaining strong customer relationships and identifying new market opportunities.

OUR CLIENTS.

Dancagram is proud to serve leading organizations across South Africa:

- **Dwarsrivier Chrome Mine** – PPE and industrial supplies
- **Marcopolo** – Manufacturing supplies and safety equipment
- **Armcor** – Industrial tools and consumables
- **Randwater** – Valves, pipes, and maintenance supplies

We also supply to numerous other mining operations, manufacturing facilities, and government entities across Gauteng, Limpopo, Mpumalanga, North West, and beyond.

WHY CHOOSE DANCAGRAM

Level 1 B-BBEE Contributor

Our Level 1 B-BBEE status provides maximum procurement recognition points for your organization, helping you meet transformation targets while accessing quality products and services.

Competitive Pricing

Direct relationships with reputable manufacturers and distributors enable us to offer competitive pricing without compromising on quality. We provide value for money across our entire product range.

Fast Response & Turnaround

We understand that downtime costs money. Our streamlined processes ensure quick quotation turnaround times and efficient order fulfillment. Urgent requirements receive priority attention.

Quality Assurance

All products supplied meet or exceed SABS standards and international quality certifications. We partner only with reputable, certified manufacturers and suppliers.

Flexible Payment Terms

We offer 30-day payment terms for approved accounts, helping to manage your cash flow while maintaining steady supply.

Personalized Service

As a focused, agile organization, you deal directly with decision-makers. No bureaucracy, no delays – just responsive, professional service tailored to your needs.

Local Expertise

Based in Johannesburg with deep understanding of South African industrial requirements, regulations, and operating conditions.

Reliable Stock & Delivery

Through strategic supplier partnerships, we maintain access to extensive stock holdings and can arrange delivery across South Africa and the SADC region.

OUR COMMITMENT TO EXCELLENCE

Quality We supply only SABS-approved and internationally certified products that meet rigorous safety and performance standards.

Safety We prioritize workplace safety and provide expert guidance on PPE selection and compliance with occupational health and safety regulations.

Service Our team is committed to understanding your specific requirements and delivering solutions that meet your operational needs and budget.

Reliability We build long-term partnerships based on consistent delivery, honest communication, and dependable service.

Transformation As a Level 1 B-BBEE company, we actively contribute to South Africa's economic transformation agenda.

HOW WE WORK

1. Initial Consultation

Contact us with your requirements. We'll discuss your specific needs, volumes, specifications, and timelines.

2. Quotation

Receive a detailed, competitive quotation within 24-48 hours for standard items, faster for urgent requirements.

3. Order Confirmation

Once approved, we confirm specifications, quantities, pricing, and delivery schedules.

4. Procurement & Quality Check

We source products from certified suppliers and conduct quality verification before dispatch.

5. Delivery

Coordinated delivery to your site with full documentation and certification where required.

6. After-Sales Support

Ongoing support for product queries, warranty claims, and repeat orders.
